

## TITAN CORE Safety Pack

The TITAN CORE Safety Pack includes one 0.6kg ABC Powder Fire Extinguisher and one 1m x 1m fire blanket (soft pack) in a printed point of sale box.

Ideal for a variety of applications including homes, flats, apartments, caravans, holiday homes and mobile homes.

The powder fire extinguisher is suitable for Class A, B and C fire risks (combustible materials, flammable liquids and flammable gases).

The fire blanket forms a seal around/over the fire which will smother it and cut off the oxygen supply therefore extinguishing the fire.

The 1m x 1m soft pack fire blanket is approved to EN 1869:2019.

The fire extinguisher offers a 5A 21B/C fire rating and is UKCA/CE approved and comes with a fixing bracket.
